

Analyst_Arbitrary_Finish_DS

Design Notes

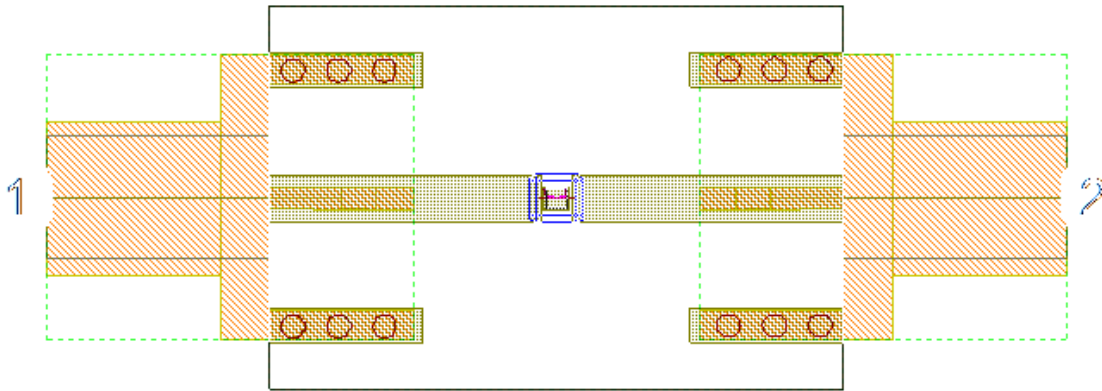

This example is the starting point for the fourth Analyst chapter of the MWO Getting Started Guide. Please refer to the Getting Started Guide. From the menu choose

Help > Getting Started > Getting Started Guide > ANA: Using the Analyst 3D Electromagnetic Simulator

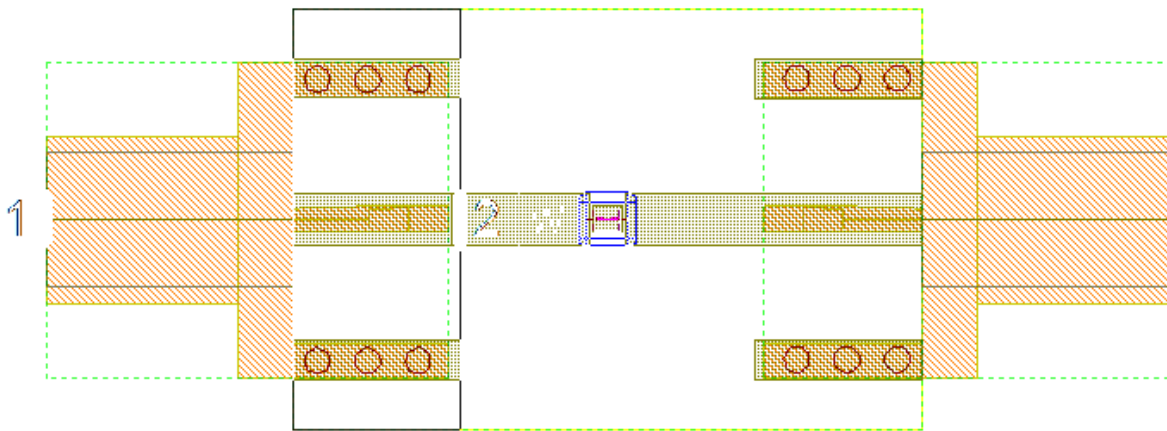

Download

This project does not include the datasets, therefore simulating this project will take approximately one hour. However this example is available with dataset at: <https://awrcorp.com/support/help.aspx?id=46>
