

Copy All Open Windows in Project to MS Word

To run this script

Select **Scripts > Project > Copy_Design_To_Word** from the Menus.

Or, in versions that support the script, you can run the utility directly from this page using this button.

Description

This script will copy the following items to Microsoft Word in this order:

1. Design Notes regardless if open or not.
2. Keywords which is a list of all unique measurements used in the project.
3. Schematics that are open.
4. Schematic layouts that are open.
5. Schematic 3D layouts that are open.
6. EM layouts that are open.
7. Graphs that are open.

graphs and schematics which have open windows to Word document. Below is example of resulting Word document after you run the script
